

Search engine success

We have a proven track record in getting our clients high up in the search engine results.

Working closely with you, we will agree a range of words and phrases and optimise your site accordingly.

Google Search Engine Optimisation is an additional service that will lift your site through the search engine results to enable more buyers to find your products & services.

It's a quick, reliable, cost effective way to ensure your clients old and new can find your website.

We have 3 levels of service depending on how pro-active you would like to be in attracting visitors to your site.

Did you know

85% of all websites are found through search engines.

More surprising is that less than half all websites are properly optimised !What we do...

We offer a fully comprehensive optimisation service with 3 levels of service – (setting up your site ready for the search engines)

- Bronze - 5 point optimisation plan
- Silver - 10 point optimisation plan
- Gold - 21 point optimisation plan

Assistance with keyword selection

Monthly search engine submissions

Refreshing of keywords and phrases as required throughout the year.

Telephone and Email support – continued help to manage your online marketing activities. We will list your website below to improve your Google Page Rank:
